

# MARITIME™ Installation Epoxy

*“The best product  
for the job”*

**Professional epoxy system** for installing wood decks and floors on yachts and other marine craft.

- Pre-thickened trowelable paste, eliminates need for additives.
- Easy 1:1 mix ratio, base resin to activator.
- Extended working time AND fast cure time. Choice of activators (regular or slow) for different climate conditions.
- Formulated with extra elongation and elasticity to withstand normal flexing of marine craft at sea.
- Permanent waterproof bond to fiberglass, wood, metal, plywood and most composite materials. Adheres tenaciously to teak and other naturally oily woods.
- Low odor.
- Easy cleanup with alcohol.
